# ANNUAL REPORT.

---

DEC. 31st, 1922.

*To His Excellency the Governor and Commander-in-Chief.*

In accordance with the provisions of Section 27, Chapter 33, of the General Laws, I hereby submit the Annual Report of the Massachusetts Volunteer Militia for the year ending December 31, 1922.

Appended are the reports of the Chief of Departments and Staff Corps and the Armory Commission.

## ENROLLED MILITIA.

On December 31, 1922, the total enrolled militia of the Commonwealth was 683,851, a decrease of 1,599 over 1921. This decrease is undoubtedly due to industrial disturbances during the year and a falling off in naturalization.

## THE NATIONAL GUARD.

The reorganization of the Massachusetts National Guard has continued to proceed satisfactorily. On December 31, 1921, there were 125 units federally recognized. On December 31st of this year 134 units have been federally recognized.

On July 1, 1922, Massachusetts was scheduled to have 8,100 officers and men as its proportionate share of the allotment on that date. Massachusetts at the present time has 478 officers and 8,096 enlisted men, so that the Commonwealth still continues well ahead of the schedule.

Of the allotment made to Massachusetts, there has been organized and federally recognized —

- One infantry brigade,
- One field artillery brigade,
- One regiment of infantry,
- One regiment of engineers,
- One infantry division train, Q. M. C.,
- One ambulance company,
- One signal company,
- One division air service.

The organization of Army troops consists of —

- One regimental headquarters and service troop and
- One squadron cavalry,
- Twelve companies of coast artillery,

and as a special allotment —

- One separate battalion of infantry (colored) and
- One anti-aircraft machine gun battalion.

All organizations have performed the fifteen days' tour of camp duty and all but the engineers have performed the four days' school for officers and noncommissioned officers. This latter organization was unfortunate in selecting its date after the close of the fiscal year, so that no funds were available for the school.

Reports of Army Instructors attached to the several organizations show that a steady improvement is being made and the morale of the organizations continues to improve.

There is still some shortage of equipment, due, in some cases, to lack of federal funds to provide transportation for the equipment to the State. In many cases the State has been obliged to pay this transportation which, under the provisions of the National Defense Act, should have been furnished the State without charge. It is only fair to the Militia Bureau to state that this is in no way the fault of the Bureau, but entirely due to the failure of Congress to provide the necessary appropriation to carry out the mandatory provisions of the National Defense Act.

There is still much loss of property and accountable officers are being held to a strict accountability for such losses and the usual excuses no longer suffice. There is still also a laxness in paper work and considerable delay in forwarding the routine papers. This is a part of the military duties for which officers now receive Federal compensation and more attention must be paid to promptness in this matter. Poor paper work means a poor organization and the efficiency record of the officers who fail to properly perform their duties in this respect will suffer accordingly.

The allowance from State and Federal funds is sufficient to enable a Company Commander to arrange with one of his enlisted personnel to care for the property and to find a Company Clerk to assist in the paper work. There are many enthusiastic enlisted men who would be glad, for a small compensation, to obtain the additional knowledge of caring for property and becoming acquainted with paper work, and this experience would be a help to them when they become officers.

The use of armories by the local units and by outside parties has grown out of all reason and greatly beyond the use contemplated by the law. In the endeavor to find some proper regulations and the compensation for such use, a Board of Officers has been detailed to consider the use of Armories and report their recommendations to The Adjutant General. A Board of Officers has also been detailed to recommend such changes in the Militia Law as to enable the Guard to function more easily in many ways.

During the year 166 men have been discharged from the National Guard to enlist in the Federal service — 70 in the Army, 60 in the Navy, 30 in the Marine Corps and 1 in the Merchant Marine.

#### AIR SQUADRON.

The Air Squadron performed its fifteen days of duty at Mineola, Long Island. The tour of duty was very instructive and very successful in every way. The Regular Officers, who were concerned in the training period, spoke very highly of the work done by both officers and men and the coöperation given by all the Regular Officers concerned was of a most helpful character.

The new air field at East Boston is rapidly taking shape and one of the four hangars which will eventually be erected is almost ready for occupancy at this time. Assurances have been received from Washington that as soon as the first hangar is erected, the equipment for the Massachusetts National Guard Air Squadron will be immediately shipped.

The Squadron has necessarily been somewhat handicapped in its training for lack of proper equipment, but with the rapid completion of the East Boston landing field the Squadron will be able to accomplish a great deal in preparation for its fifteen days' tour of duty in the coming year. Two temporary wooden barracks have been set up at the new field for the use of the Squadron and these, with the hangars and equipment, will place the Squadron in a very good condition to carry on their work.

#### RIFLE SHOOTING.

The beginning of the new year found the organizations of the National Guard completed to the extent of permitting us to take up the regular work required by the federal government in the way of instructing both officers and men in marksmanship. The resulting number of qualifications in the various grades has been very satisfactory. Officers of the State Ordnance Department have attended all

encampments where their services could be of benefit and report keen interest in rifle shooting.

Indoor rifle matches were inaugurated, using the .22" caliber rifle, during the winter months, in an effort to maintain general interest in marksmanship, and the result was so satisfactory that a similar tournament was ordered for the present winter. It is proposed to attempt also to create an interest in pistol marksmanship for the branches which are armed with that weapon.

The Massachusetts National Guard team held its place this year as first of the National Guard teams, losing only to the six teams from the regular service.

Out of the sixteen shooting members and four alternates selected from the National Guard to make up a team to shoot against a similar team of the regular service, six were from Massachusetts, all shooting members. The Marine Corps team won, the National Guard team taking third place, the Army being second.

The usual record of inspecting indoor and outdoor ranges has been maintained by the Ordnance Department, which has also done much towards encouraging marksmanship among civilians.

The Hilton Trophy was won by the Massachusetts National Guard team in the National Team Match, and the Herrick Trophy was won by Massachusetts with a record score, 1,775 out of a possible 1,800.

#### NEW ARMORY.

The Legislature of 1922 appropriated \$70,000 for the erection of a new armory in Quincy, with the understanding that a similar amount would be appropriated by the Legislature of 1923. The Armory Commissioners, together with the Mayor of Quincy and the Captain of the local company, selected a site for the new building, but, owing to circumstances which require additional legislation, no work has yet been done other than to prepare the plans and estimates for the building. A more detailed report of this matter will appear in the report of the Armory Commissioners.

#### OFFICIAL VISITS.

During the year the Commonwealth has been honored by visits from the officers of H. M. S. "CONSTANCE" and Ex-Premier GEORGES CLEMENCEAU.

#### WORLD WAR RECORDS.

The work of securing the records of officers and men of the World War still continues. During the year 8,702 Army records and 56 Navy and Marine Corps records have been received from Washington, making the total number of records received to date as follows:—

Army	137,350
Navy and Marine Corps	52,008

There are still somewhere in the vicinity of 15,000 records to come.

The clerical force is now engaged in collecting and consolidating on a single record card the official data obtained from Washington. This information, as received from Washington, is contained on a number of different cards, one showing the man's record of service, another showing wounds received, another citations and medals awarded, another deaths, and separate cards for officers and enlisted men. This makes a large amount of work to condense the information so that one card will show the entire record of the individual, whether he be an officer or an enlisted man. In many cases there would be two cards for the same individual, particularly if he entered the service as an enlisted man and received promotion later.

The time of the office force has been further taken up in furnishing certificates of war service to substantiate claims for State aid and soldiers' relief and in many

other cases where the soldier's preference becomes an issue. During the year approximately 7,800 certificates have been so issued.

In addition, 1,730 Certificates of Registration for the Selective Service Draft have been issued to aliens who have chosen to become naturalized citizens. This is required by the Chief Naturalization Examiner under a Federal regulation.

#### CERTIFICATES OF WORLD WAR SERVICE.

The number of applications for World War certificates amounts to 24,332. There have been 21,518 certificates issued and the remaining 2,814 are either in process or awaiting official records from Washington.

#### PHILIPPINE WAR RECORDS.

The total number of records of the Philippine service secured so far are as follows:—

974 Army records.  
314 Navy records.  
315 Marine Corps records.

The work is necessarily slow, as the records in Washington have to be searched to find the names of the men who served in the organizations that saw service in the Philippines during the period of the Philippine Insurrection, then these names have to be gone over a second time to find if they are credited to Massachusetts, all of which necessitates considerable searching. Considerable progress has been made this year and it is believed that another appropriation will complete the work.

#### ARCHIVES DIVISION.

In addition to the routine work of making out records of service, replying to letters of inquiry concerning matters of a military historical nature and collecting historical data for the use of the office, a great deal of work has been done under the direction of Mr. Fred W. Cross, who is in charge of the Division, in making the vast amount of material more accessible for reference.

The entire contents of the Division have been systematically rearranged and catalogued. This has involved the examination, re-arrangement and tabulation of the contents of three large double book-cases, 132 steel book and record cases and nearly 760 steel filing boxes.

All the card index records of the men who served in the Army, Navy and Marine Corps have been tabulated by towns and the same bound in two volumes.

A number of books relating to the Civil War have been added to the archives' library without expense to the Commonwealth.

Fully 25,000 loose papers, some pertaining to the War of 1812-14 and some to the Mexican War of 1846-48, but mostly pertaining to the Civil War, have been arranged by regiments, and in most cases chronologically, and bound in durable and permanent form. Of such material, 108 volumes, each containing from 342 to 1,165 pieces, have been bound, 18 volumes repaired, and these, together with 28 volumes of reference books, re-bound, making a total of 154 volumes bound, repaired or re-bound.

In addition to the foregoing, at least 55 volumes have been indexed, the number of names in each volume varying from 170 to over 20,000.

There is a constant demand for information from this Division relative to individuals who have performed military or naval service in the Commonwealth, and the Division is an exceedingly valuable adjunct to the office and contains a vast amount of valuable historical data.

## INTELLIGENCE SECTION.

The work of the Intelligence Section has been brought nearer to the lines originally contemplated, and the greater part of the work performed by this Section has been devoted to strictly military training. Some work has been done with the foreign element and some matters of investigation of a military nature have been performed by this section.

A comprehensive course of instruction for the enlisted and commissioned personnel of the Intelligence Sections in the National Guard organizations has been outlined and, previous to the encampments about fifteen lectures had been given among the different units.

The work of the Intelligence Sections during the summer tour of duty was extremely satisfactory. The present plan contemplates similar work during the armory season this year, supplemented by actual experience in field work during the fifteen day tour of duty.

The work of the Section has been performed in an excellent manner and great credit is due to the personnel attached to the Section.

## ARMY INSTRUCTORS.

Massachusetts has been fortunate in obtaining additional instructors, so that every organization has at least one instructor. The coöperation between instructors and commanding officers is shown in the increased efficiency of the National Guard organizations.

The instructors are a fine lot of young officers who are going at the work with a fine enthusiasm. We are indeed fortunate in the assignments that have been made.

## OFFICE ADMINISTRATION.

The office force is functioning well under the new arrangement, and in spite of the increase in the amount of work, due to the increase in the size of the Guard, the work is progressing in a satisfactory manner.

## RECOMMENDATIONS.

It is recommended that the remaining infantry regiment of the Division be organized at once, together with the remaining units of the medical regiment. With the exception of these two organizations the Division is complete, except for the Division Commander and the Division Headquarters units. These units are not essential at the present time and can well wait another year before being completed.

JESSE F. STEVENS,  
*The Adjutant General.*

## REPORT OF THE STATE ARMORY COMMISSION.

CAMBRIDGE, MASS., December 15, 1922.

*To The Adjutant General.*

I have the honor to hand you herewith my report as secretary of the Armory Commission for the year 1922.

An appropriation of \$55,000 was made early in the year for "alterations in certain armories" which has enabled the Commissioners to alter armories in the following named cities to accommodate additional units: Allston (Commonwealth Armory), Boston (South Armory), Brockton, Cambridge, Charlestown, Concord, Everett, Hudson, Lawrence, Methuen, Natick, Somerville, Springfield, Taunton, Wakefield, Waltham and Woburn, and to provide wagon sheds for Cambridge, Everett and Lowell.

Under the appropriation for "lockers and furniture" there have been installed 585 steel lockers in various armories; also filing cabinets, desks, tables and chairs have been contracted for and partially delivered.

In the Commonwealth Armory, Allston, the large riding ring has been re-surfaced, the alterations to the ramp completed, a wagon shed erected on the property, and the granolithic sidewalk extended on Commonwealth Avenue.

Extensive repairs have been made to the roof and walls of the Northampton Armory, and a new boiler installed.

The Worcester Battery B farm buildings have been put in good order to meet the changed requirements there; an electric light and power plant installed, likewise a new heating system; considerable work was also done in the barn.

In June the Legislature authorized the purchase of land and construction of an armory at Quincy, the cost not to exceed \$140,000. The Commissioners recommend that the "model armory plans" be used (the same design as the Taunton Armory), and that the building be located on Furnace Brook Parkway, the land now in possession of the Metropolitan District Commission. The Metropolitan District Commissioners having expressed their willingness that this be done therefore the Armory Commissioners recommend that the Legislature of 1923 authorize the transfer of a suitable amount of land by the Metropolitan District Commission to the State Armory Commission, and to enact such other legislation as may be necessary to accomplish the purpose.

In September the armory at Wakefield was visited, the Commissioners wishing to confer with the Selectmen as to the proper method for re-grading the armory lot, so as to conform with adjacent land upon which a new schoolhouse has been built.

In November a fire occurred in the armory at Fall River, causing considerable damage, which will be taken care of immediately.

The Commissioners visited the following armories for inspection of the properties: In March those at Malden, Lynn, Brockton, Holyoke, Pittsfield and Worcester. In June those at Lawrence, Lowell, Methuen, Greenfield, Orange, Adams, Pittsfield, Holyoke, Springfield, Fitchburg and Worcester. In October those at Brockton, Taunton, Attleboro, Milford, Clinton, Fitchburg, Lowell, Methuen and Concord. In November those at Lynn, Salem and Gloucester.

GEO. HOWLAND COX,  
*Commissioner and Secretary.*

## REPORT OF THE INSPECTOR GENERAL'S DEPARTMENT.

BOSTON, December 31, 1922.

*To The Adjutant General of Massachusetts.*

The following report of the Inspector General's Department of Massachusetts is herewith submitted for the year ending November 30, 1922.

In accordance with Special Orders No. 3, dated January 5, 1921, the following officers were assigned as assistants to the State Inspector: — Lt. Col. Albert C. Gray, 101st Engineers; Major George S. Penney, 101st Infantry; and Captain Sydney H. Cliffe, Field Artillery, and in addition the following officers were assigned at the summer camps: — Lt. Col. John S. Barrows, Retired N. G.; Major Charles C. Stanchfield, Ordnance Department.

The State inspections were held in conjunction with the Federal inspections in compliance with War Department (M. B.) Orders and National Guard Regulations. The inspection period covered the dates between January 15 and March 15, and were conducted on the drill nights of the organizations as far as practicable.

The entire property of the various units for which the unit commanders were responsible was itemized, listed and recorded on blanks furnished and presented to the inspecting officers. Property was checked and compared with the lists presented and was found correct in most cases. The ordnance property generally was in very good condition. The Q. M. property was also in good condition, except the mess equipment which, in many cases, was spotted with rust. The shoes were badly worn and in many companies they had made no effort to repair them.

The fund books were carefully audited from statements given to the inspectors from the Adjutant General's Office, which stated the amount of cash which should be accounted for and this facilitated the audit of the council book.

The Armories in most cases are suitable for the safe-keeping and care of government property. In some instances the property was found in the original containers, due to lack of proper storage facilities. Many of these deficiencies have been since corrected.

The complete report of attendance and appearance at drill at the Armory inspections of each unit is now on file in the Adjutant General's Office.

The field inspections were conducted of all organizations and units during the annual tour of camp duty.

The clothing of the individual soldier was found to be inadequate in many cases. Many enlisted men went to camp with but one O. D. shirt, which would require him to wear it without changing for the fifteen days. The shoes again were generally in poor condition, and in most cases only one pair per man. This condition should not exist and, in my opinion, every soldier should have at least two O. D. shirts, two pairs of shoes, and two pairs of O. D. breeches.

In some cases the troops possessed but one pair of cotton breeches, which caused them to appear at ceremonies and drills in mixed uniforms, some having cotton and others O. D. woolen.

The attendance at the annual tour of camp duty, with but few absentees, was most gratifying, and with fifteen days of intensive training, which was carried out most thoroughly and conscientiously, reflects great credit upon the entire officer and enlisted personnel.

The State Inspector desires at the conclusion of this brief report to express his sincere and hearty appreciation for assistance rendered to him by the Adjutant General of Massachusetts, the officers assigned as Inspectors by the War Department and to those officers of the National Guard of Massachusetts who were assigned as assistants. These officers performed their duties efficiently and many times at great personal sacrifice and inconvenience.

A. F. FOOTE,  
Lieutenant Colonel,  
Inspector General's Department.

## REPORT OF THE INTELLIGENCE SECTION, THE ADJUTANT GENERAL'S DEPARTMENT.

Boston, December 31, 1922.

*To The Adjutant General.*

SIR:— The Intelligence Section has the honor to make the following report of its activities for the year ending December 31, 1922.

The work for the past year has been divided under the following headings:—

1. The instruction on Military Intelligence for the enlisted and commissioned personnel of the Massachusetts National Guard.

2. Intelligence work among foreigners.

3. Investigation of matters referred to the department on military and other subjects.

First, — Under this heading the department prepared a course of instruction for the enlisted and commissioned personnel in the early Spring of the year, and commenced giving such instruction in March. Previous to the encampment of the 51st Brigade on July 8, 1922, about fifteen lectures had been given among the different units. On account of the changing personnel of the specialist sections up to this time, it was a rather difficult matter to make any great progress in the subject, but it is noted with satisfaction that at the Camps July 8th to 22nd, 1922 and August 26th to September 9th, 1922, the work done by these specialist sections was extremely satisfactory. The work was continued in the Fall, but on a much more standardized basis, the sections having become stabilized and easier to handle. A course of seven lectures for 1922–1923 has been laid out for the commissioned personnel, two of which have already been held at this writing, and which appear from reports to be satisfactory.

Second, — The section has, as in the past, had a great many cases this year concerning the foreign derivatives, and has had such matters referred to it by numerous other State Departments. In this connection the section has received great co-operation from the departments at Washington.

Third, — The section has had, for investigation, all the military matters concerning accidents, etc., together with numerous matters referred to it concerning foreign derivatives by other departments. In this connection this section has also had several allotment and vocational training cases for veterans, which have been handled, as usual, by Mrs. W. L. Putnam in a very satisfactory manner.

In filing this report, the writer notes with pleasure that the burden has been lifted from this section of making investigations, other than military, as it would have been impossible to complete the same in a satisfactory manner with the small personnel at hand. The men now attached to the section are performing their duties in a very satisfactory manner.

In closing, the writer desires to thank The Adjutant General for his consideration and kindness during the year just past, and also to express his gratitude for the loyalty and co-operation of the employees of the Intelligence Section.

Your obedient servant,

ROBERT O. DALTON,  
*Major, in Charge.*

## REPORT OF THE STATE SURGEON.

STATE HOUSE, BOSTON, December 30, 1922.

*To The Adjutant General, Mass.*

1. The following is a report of the accomplishments of the Medical Department during 1922.

2. The School of Instruction for Officers of the Medical Department held at Camp Devens June 12th to 17th was well attended and proved very beneficial, as was shown later during the annual tours of field duty in the increased efficiency of those officers who had availed themselves of the opportunities offered by this preliminary training.

3. All units and detachments of the Medical Department participated in the tours of field duty held during the summer. Owing to a lack of Federal property it was found necessary at various times to transport State medical supplies from Boston and Framingham to the different camps. This was done in the Ford touring car assigned to this office, without which transportation many units of the National Guard would have been severely handicapped through lack of medical supplies. This car has done much transportation service during the entire year in the distribution of vaccines and other medical property to the various armories, and as it is a former ambulance, renovated, having performed strenuous duty during the Boston Riot, it is now in a worn-out condition and should be replaced by a serviceable car, larger and better able to withstand hard service.

4. Authorization for the organization of additional units of the Medical Regiment was received comparatively recently and there are now in active process of organization, another Ambulance Company, to be located at Worcester, and a Hospital Company, a Laboratory Section, and a Veterinary Company, all of which it is intended locating at the Commonwealth Armory. It is hoped that within a few months the entire Medical Regiment will be organized.

5. Recommend that suitable garage accommodations with heat, light, and machine-shop facilities, be established for the care and up-keep of the ambulances and trucks authorized for the Regiment, in order that they may be available for duty at all times. Partial equipment has already been received.

6. The Board of Medical Officers physically examined 308 candidates for commissions in the National Guard during the past year, out of whom 239 were accepted.

7. Examinations of Medical Department officers for permanent Federal recognition proved conclusively the physical and professional fitness of the Department as a whole.

8. The Board on Claims for Physical Injuries heard sixty cases during 1922, the largest number yet recorded for one year, recommending awards aggregating approximately \$10,000. As the greater part of these claims arise from injuries or sickness contracted while troops are in Federal service, it is recommended that immediate steps be taken to bring about co-operation by the Federal Government whereby the financial burden will not rest, entirely upon the State. Many of these cases are injuries resulting from the use of Federal untrained horses. These animals should not be handled, until trained, by any but thoroughly trained and skillful riders, or the Federal Government should compensate for resulting loss of time and expense.

9. There were 119 physical examinations made of applicants for Peddlers' licenses.

10. Applicants for State Aid report on three days a week for physical examination. 1,591 examinations were made during the past year.

11. Physical examinations were made of 657 applicants for State Police Patrol duty, out of whom 160 were accepted.

12. The deaths of two Medical Officers occurred during the past year — Major Edward B. Hodskins, 1st Coast Defence Command, who died on December 21, 1921, and Captain Frederick A. Simonds, 101st Engineers, who died December 2, 1922.

F. P. WILLIAMS,  
*Colonel, Medical Corps,*  
*State Surgeon.*

## REPORT OF THE STATE JUDGE ADVOCATE.

---

Boston, December 30, 1922.

*To The Adjutant General.*

1. The following report of the Judge Advocate General's Department for the year 1922 is herewith submitted.

2. At the beginning of the legislative year the Military Department was represented at all hearings of the Committee on Military Affairs and at those hearings of the Committee on Ways and Means which affected the military establishment.

3. Forty-two claims for personal injuries and ten claims for property damage have been reported to this office, investigation made and appropriate action taken.

4. One civil case relating to the ownership of certain personal property is still pending in Brockton. One civil case relating to the property accountability of a State Guard officer is still pending in Boston.

5. Three cases of trial of enlisted men of the Massachusetts National Guard by Special Court-Martial have been reported, and five of trial by Summary Court-Martial, all of which resulted in conviction, the punishments including fines, discharge and confinement. Unofficially the Department has heard of other courts-martial in various organizations of the Massachusetts National Guard, but the records have not been forwarded to this office in accordance with National Guard Regulations.

6. Special Regulations governing the conduct of Summary Courts-Martial have been prepared and recently published which it is hoped will make the procedure more uniform and result in the records of these courts being properly forwarded.

7. Ninety-eight opinions and decisions on military matters have been rendered and eight leases covering armory accommodations have been examined and approved.

8. Five violations of Section 74 of the Militia Law have been reported, investigated and appropriate action taken.

9. Under Special Orders No. 81, A. G. O. Mass., 1922, the officers of this Department consisting of Lt. Col. Ralph M. Smith and Major John M. Gibbs, together with Major George G. Moyse, were constituted a Board to submit recommendations covering the revision of the entire Militia Laws of the Commonwealth. The Board held open hearings, giving every member of the Massachusetts National Guard an opportunity to be present and make recommendations and suggestions. These recommendations and suggestions have been considered and a revision of the law has been drafted and will be filed with the incoming legislature for adoption.

Respectfully submitted,

RALPH M. SMITH,  
*Lt. Col., J. A. G. Dept., Mass. N. G.,  
State Judge Advocate.*

REPORT OF THE MILITARY SERVICE COMMISSION.

---

BOSTON, December 30, 1922.

*To The Adjutant General.*

1. Pursuant to the provisions of Section 105, Chapter 327, General Acts of 1917, this commission was established by authority of paragraph 1, Special Orders No. 38, A. G. O., dated Feb. 26, 1920.

2. The Military Service Commission is composed of the following-named officers:

Brig. Gen. John J. Sullivan, Mass. N. G., Ret., to serve until February 26, 1924.

Lt. Col. Alfred F. Foote, Inspector General, Mass. N. G., to serve until February 26, 1924.

Lt. Col. Roger W. Eckfeldt, 102nd Field Arty., Mass. N. G., to serve until February 26, 1923.

3. Since the spring of 1922, Colonel John W. Hyatt, Mass. N. G., Acting Chief of Staff, 26th Division, has sat with the commission and advised with them regarding the eligibility of candidates and general policies of the commission. Due to his interest in the officer personnel of the National Guard and his familiarity with the regulations and policies of the Army of the United States, he was able to give the commission valuable assistance.

4. Mental examinations (both oral and written) and physical examinations have been held weekly during the past year, to determine the fitness of candidates to be placed on the Officers' Eligibility List. The scope of the mental examination is shown in Appendix A.

5. A table showing the number of applicants examined during the past year for certification is shown in Appendix B.

6. A supplementary report from the Medical Examining Board is attached.

JOHN J. SULLIVAN,  
*Brig. Gen., M. N. G., Retired,*  
*President.*

ALFRED F. FOOTE,  
*Lieutenant-Colonel, Inspector General's Department.*

ROGER W. ECKFELDT,  
*Lt. Col., 102nd F. A., Mass. N. G.,*  
*Recorder.*

A P P E N D I X A .

THE COMMONWEALTH OF MASSACHUSETTS,  
THE ADJUTANT GENERAL'S OFFICE,  
BOSTON, March 23, 1921.

CIRCULAR 11.

The following regulations of the Military Service Commission are published for the information and guidance of all concerned:

1. All applicants for certification on the eligible list for appointment in the Massachusetts National Guard will complete Form No. 1, M. S. C., in duplicate and forward same to the Recorder, Military Service Commission, Room 263, State House.

2. No applicant will be certified for any grade until he has passed a satisfactory physical and written examination and appeared in person before the Military Service Commission.

3. All applicants will be examined in the following-named subjects with respective values as indicated:

<i>Subjects.</i>	<i>Credits.</i>
1. Orthography . . . . .	
2. Grammatical Construction . . . . .	
3. Penmanship . . . . .	1
4. Ten questions on Basic Course for officers including at least two questions from Special Regulations, No. 57, War Department . . . . .	4
5. Five questions on Arm of Service which officer applies to be certified in . . . . .	2
6. Aptitude and probable efficiency to be judged by examining board by the general appearance, conversation, manners, etc., of the candidate . . . . .	3

Number one, two and three to be judged from the papers submitted by candidate. Number four will cover a broad scope of the manuals mentioned in paragraph four of this circular. Number five will cover the manual or regulation of the branch or arm of service in which the applicant desires certification.

4. It is recommended that all applicants for certification secure the following-named manuals and regulations for careful study together with the particular regulation of the arm of service in which certification is desired:

Army Regulations.  
National Guard Regulations.  
Manual for Courts-Martial.  
Field Service Regulations.  
Manual for Interior Guard Duty.  
Manual for Non-commissioned Officers and Privates.  
Special Regulations, No. 57, War Dept.  
Manual for Physical Training.  
Military Protection (War Dept. 882).

These manuals and regulations may be purchased locally or direct from the Government printing office, Washington, D. C.

5. The Military Service Commission will meet regularly each Wednesday at 12.30 P.M. in Room 263 and the Physical Examining Board in Room 277 to examine such applicants as may be ordered before them. The commission will meet on such other days as may be necessary in the best interests of the public service.

6. All applicants who are certified in a higher grade or in a different arm of service than that held in the United States Army will be required to pass the written examination required by the Federal Government for the increased grade within one year of being commissioned.

By direction of the Commander-in-Chief,  
JESSE F. STEVENS,  
*The Adjutant General.*

Official:  
GEORGE LANGDON,  
*Adjutant General.*

## APPENDIX B.

The following table shows the number of applicants who have appeared before the Military Service Commission from December 1, 1921, to December 12, 1922, to determine their fitness to be certified as eligible for appointment in the various arms of service and ranks indicated and having been found eligible were so certified:

RANK.	Staff.	Inf.	F. A.	C. A.	Cav.	Sig. Corps.	Eng.	Q. M. C.	Air Ser.	M. D.	Total.
Maj. Gen.	1	-	-	-	-	-	-	-	-	-	1
Col.	1	-	-	-	-	-	-	-	-	-	1
Lt. Col.	1	-	-	1	-	-	-	-	-	-	1
Major	1	3	1	1	-	-	-	-	1	-	7
Capt.	2	10	11	1	2	2	2	1	5	7	41
1st Lt.	2	22	19	7	1	2	2	9	11	13	88

## REPORT OF THE MEDICAL EXAMINING BOARD.

Boston, December 30, 1922.

Subject: Annual Report, 1922.

To The Adjutant General.

1. This Board was established pursuant to the provisions of Section 105, chapter 327, General Acts of 1917.

2. The following-named officers are members of the Medical Examining Board:

Lt. Col. Thomas L. Jenkins.  
Major William H. Blanchard.  
Major Karl R. Bailey.

3. This Board has held weekly meetings coincident with those of the Military Service Commission and has examined physically those candidates who have appeared before the Military Service Commission for certification on the Officers' Eligibility List.

T. L. JENKINS,  
Lt. Col. Med. Ex. Board.

## REPORT OF THE STATE ORDNANCE OFFICER.

---

Boston, December 30th, 1922.

### *To The Adjutant General.*

I herewith submit my annual report for the year ending December 30, 1922. Under G. O. No. 7, Par. II, A. G. O., Mass., 1922, the following is ordered as the commissioned personnel for this department (the positions all being filled): one lieutenant colonel, one major, one captain and one first lieutenant. The enlisted personnel, owing to the impracticability of doing systematic work and holding regular drills under the present organization, has been almost eliminated. All but three of the individuals composing this unit have been transferred to units in the line, so that they could attend regular drills and draw armory pay.

It is expected that authority will soon be granted to organize an Ordnance Maintenance Company which will enable this department to take over more activities and to better serve the requirements of the National Guard of Massachusetts.

Great effort has been made during the past year to increase the interest in rifle and pistol marksmanship. Ordnance officers have attended encampments of the National Guard of this State. Earnest efforts by all concerned have been made towards encouraging and improving marksmanship not only by talks and demonstrations, but by active energetic work as instructors, during the tours of duty mentioned above, at armories, and at the various outdoor ranges which were visited during the outdoor season. Never has there been such an interest displayed in rifle and pistol marksmanship as was manifested during 1922.

### INDOOR RIFLE COMPETITION.

G. O. No. 12, Par. V, A. G. O., Mass., 1921, called for an indoor rifle competition to be participated in by a team of not more than ten men from each company or similar unit. This was a success from every point of view and resulted in such rivalry and general interest that a similar competition is ordered for the present winter.

As the returns, at the close of the match, showed that Co. F, 101st Engrs. and Cos. F and K, 101st Inf. were tied for 1st, 2nd, and 3rd place with a possible score (2,500) and that the 321st Co., 1st Coast Def. Com. and the Serv. Co. and L Co. of the 101st Inf. tied for 5th, 6th and 7th place with a score of 2,494 (the 4th place being secured by 323rd Co., 1st Coast Def. Com. with a score of 2,496), a shoot-off was ordered for May 4, 1922, which resulted as follows:

- 1st Place, Co. F, 101st Engrs.
- 2nd Place, Co. K, 101st Inf.
- 3rd Place, Co. F, 101st Inf.
- 4th Place, 323rd Co., 1st Coast Def. Com.
- 5th Place, 321st Co., 1st Coast Def. Com.
- 6th Place, Co. L, 101st Inf.
- 7th Place, Serv. Co., 101st Inf.

Suitable prizes were given to the first five winning teams and also to the highest company team in each organization and to those making the five highest individual scores in the shoot-off. Their original scores all were "possibles" (500).

## MASSACHUSETTS NATIONAL GUARD RIFLE TEAM.

Complaint has been made in past years that favoritism was shown in selecting members for the National Guard Rifle Team. In an effort to eliminate any such feeling, plenty of due notice having been given by G. O. No. 5, A. G. O., Mass., 1922, an elimination competition, to select a team squad, was held at the Wakefield Rifle Range on August 13. The resulting 20 highest men were selected for the squad and remained in camp at this range, for training and further elimination, until Sept. 1st, when the team was finally selected and entrained for Camp Perry, Ohio, to take part in the National Matches.

It was decided to establish a private mess for the team at Camp Perry and Cook Joseph Casey of the Hq., 1st Coast Def. Com. was engaged. In former years the members of the team have messed at the general camp mess with the result that many men were sick, causing real dissatisfaction. The private mess eliminates the dissatisfaction and sickness, resulting in much better work by the team members. The only extra cost is the pay and transportation of the cook. Much credit should be given Cook Casey, not only for his ability as a cook, but also for his untiring effort to please all and for a very successful mess.

## THE TEAM.

Maj. C. C. Stanchfield, Acting State Ordnance Officer, in charge.

*Team Captain.*

Capt. James F. Loughlin, Ordnance Dept.

*Team Coach.*

Capt. C. David Berg, Co. L, 101st Inf.

*Team Quartermaster.*

Capt. Caleb West, Supply Officer, 1st Coast Def. Com.

*Team Surgeon.*

Capt. Charles W. DeWolf, Med. Corps, M.D.

*Principals.*

Capt. Joseph T. Lawless, Co. I, 181st Inf.  
Capt. Edward FitzGerald, Co. F, 101st Inf.  
Capt. Roy W. Wilson, 322nd Co., 1st Coast Def. Com.  
1st Lt. James G. Brown, Co. K, 101st Inf.  
1st Lt. Franklin A. Smith, Co. L, 104th Inf.  
2nd Lt. Wallace L. Darling, Hq. 1st Coast Def. Com.  
1st Sgt. John C. Spraker, Co. L, 101st Inf.  
Sgt. Martin P. Campbell, Co. L, 104th Inf.  
Sgt. Ray E. Luken, Co. L, 101st Inf.  
Sgt. Robert W. Castle, Co. E, 101st Inf.

*Alternates.*

Sgt. Alton B. Coller, Co. L, 104th Inf.  
Corp. Stanley Youngquist, Co. I, 181st Inf.

On Sept. 9, while at Camp Perry, Capt. West, the Team Quartermaster, was detailed to take the Special Course of Instruction for Coast Artillery Officers at Fort Monroe, Virginia, so under Par. 1, of S. O. 169, he was relieved as Team Quartermaster and Major C. C. Stanchfield was detailed in his place.

The results of the systematic training of the team as a whole and the personal interest and ability of the individuals composing it, have enabled the Common-

wealth to retain the high position that it has held for many years among expert marksmen and the Massachusetts National Guard may well feel proud of its team.

The places secured in the National Matches, held at Camp Perry, Ohio, from Sept. 20 to 28 by the team and by members of the team, as individuals, are as follows:

#### DETAIL OF RESULTS.

##### *The Herrick Trophy Match.*

This match is for the well known silver vase presented by Ex-Governor M. T. Herrick of Ohio in 1907 and is annually competed for by a team of eight men from the various branches of the regular service and National Guard and civilian teams from each State.

The ranges are 800, 900 and 1,000 yds.

This trophy which was won by the Massachusetts Civilian Team in 1920 was taken from them by the U. S. Infantry Team in 1921, but was won back by the Massachusetts National Guard Team this year with a total score of 1,775, breaking the world's record by 37 points.

The individual scores were as follows:

	800 Yards.	900 Yards.	1,000 Yards.	Total.
Capt. James F. Loughlin . . . . .	75	73	75	223
Capt. Joseph T. Lawless . . . . .	74	75	75	224
Capt. C. David Berg . . . . .	75	74	68	217
1st. Sgt. John C. Spraker . . . . .	74	75	74	223
Lt. James G. Brown . . . . .	74	75	71	220
Capt. Edward FitzGerald . . . . .	75	75	72	222
Sgt. Martin P. Campbell . . . . .	75	74	75	224
Sgt. Alton B. Collier . . . . .	75	74	73	222
	597	595	583	1,775

The 2nd place was taken by the U. S. Marine Corps Team with a total score of 1,762.

##### *The National Team Match.*

This match is for one or more teams of ten firers from each of the following: Army, Navy, Marine Corps, the National Guard and State Troops of each of the States and Territories and civilian teams.

The Hilton Trophy is awarded to the highest National Guard Team, which was the Mass. National Guard Team. It took 6th place with a total score of 2,800.

The individual scores were as follows:

	SLOW FIRE.			RAPID FIRE.		Total.
	200 Yards.	600 Yards.	1,000 Yards.	200 Yards.	300 Yards.	
Capt. James F. Loughlin . . . . .	41	48	92	50	50	281
Sgt. A. B. Collier . . . . .	43	43	89	46	48	269
Capt. C. D. Berg . . . . .	45	48	96	50	45	284
Capt. R. W. Wilson . . . . .	45	49	89	48	49	280
Capt. Edward FitzGerald . . . . .	45	44	93	49	49	280
Sgt. R. E. Luken . . . . .	44	46	84	50	50	274
1st Sgt. J. C. Spraker . . . . .	41	50	97	48	48	284
Sgt. R. W. Castle . . . . .	43	48	96	45	50	282
Capt. J. T. Lawless . . . . .	42	49	91	49	50	281
Sgt. M. P. Campbell . . . . .	43	48	95	59	50	285
Totals . . . . .	432	473	922	484	489	2,800

*The United Service Match.*

This match is competed in by teams of sixteen firing members, one team from each of the following: Regular Army, Navy, Marine Corps and organized militia with the following results:

U. S. Marine Corps . . . . .	4,489
U. S. Army . . . . .	4,423
National Guard . . . . .	4,414

Massachusetts was represented in the National Guard Team by six out of the sixteen firing members; *i.e.*, Captains Loughlin, Berg and FitzGerald, Lt. Brown and Sgts. Campbell and Collier.

*A. E. F. Roumanian Trophy Match.*

Competed in by teams of six men each from the several branches of the United States Service, Army, Navy, Marine Corps and National Guard. In this match our team took 8th place in an entry of 22 teams, losing only to Service teams and the Indiana National Guard Team.

Among the individual places are the following:

Small Bore Wimbledon Cup.

Capt. Loughlin, 2nd place.

Small Bore National Individual.

Capt. Loughlin, 3rd place.

Small Bore International Team.

Capt. Loughlin, 7th place.

National Individual Rifle Match.

Capt. Loughlin, 44th place.

N. R. A. Rapid Fire Match.

Lt. Brown, 4th place.

Capt. Loughlin, 6th place.

Wimbledon Cup Match.

Sgts. Collier and Luken took 9th and 20th places, respectively, out of an entry of 78.

Special 600 yard Rifle Match.

Capt. Lawless, 4th place out of 108 entries with a score of 99 out of a possible 100.

Championship Regimental Team Match.

The 101st Infantry, Mass. National Guard Team which was hastily made up out of 6 members of our State team, who happened to belong to that organization, took 5th place.

Marine Corps Match.

With 590 entries our men took 7 places, among the 147 "in the money."

Very many more "places in the money" were secured by members of the Mass. National Guard Rifle Team, but space prevents their being singled out. Suffice it to say again that the State may well feel proud of its military riflemen.

In past years this team also took part in the matches which were held at Sea Girt, N. J. (this year from Aug. 28 to Sept. 6), but this season we were not able to enter on account of lack of funds. The same reason prevented our entering a Pistol Team at any of the matches.

## MASSACHUSETTS CIVILIAN RIFLE TEAM.

On account of the non-appropriation of funds for the purpose, the State was unable to send a Civilian Rifle Team to the Competitions, as it has in the past. This is greatly to be regretted, as it is of vital importance to maintain a hearty interest in marksmanship among those now in civil life.

## STATE COMPETITION.

The State Rifle Competition was held at the Wakefield Range on Monday, Oct. 23, as ordered by G. O. No. 11, Par. I and was participated in by teams from the following organizations, with the results noted:

TEAM.	200 Yards.	300 Yards.	600 Yards.	Total.
101st Infantry . . . . .	415	415	443	1,273
104th Infantry . . . . .	405	420	439	1,264
181st Infantry . . . . .	396	410	436	1,242
101st Engineers . . . . .	408	408	410	1,226
1st Coast Def. Com. . . . .	371	394	407	1,172
211th Mach. Gun Bn. . . . .	387	378	388	1,153
110th Cavalry . . . . .	365	367	407	1,139
2nd Sep. Bn. Inf. . . . .	342	368	317	1,027
26th Div. Train . . . . .	312	268	223	803

## DISTINGUISHED MARKSMAN'S MEDAL.

The Distinguished Marksman's Medal awarded to the ten competitors making the ranking scores, who have never received the decoration before, resulted as follows:

Bugler Frederick P. Hume, Co. L, 101st Inf. . . . .	134
Capt. Roy W. Wilson, 322nd Co. 1st C. D. C. . . . .	134
1st Lt. Franklin A. Smith, Co. L, 104th Inf. . . . .	133
1st Lt. Francis J. McGowan, Co. I, 181st Inf. . . . .	132
1st Sgt. James A. Tourtlott, Co. M, 181st Inf. . . . .	131
1st Lt. Walter E. Tisdell, Co. A, 104th Inf. . . . .	131
Pvt. Anthony Mobilia, Co. I, 181st Inf. . . . .	130
Capt. Edward FitzGerald, Co. F, 101st Inf. . . . .	130
2nd Lt. James S. W. Rogers, Co. C, 101st Engr. . . . .	130
Sgt. Ray E. Luken, Co. K, 101st Inf. . . . .	130

N. B. — 1st Sgt. John C. Spraker shot a score of 135 and Capt. C. David Berg, 132, but were eliminated, having been awarded the decoration previously.

The officers at this competition were:

Brig. Gen. Edward L. Logan, 51st Inf. Brig., Mass. N. G., Executive Officer.  
 Lt. Col. George W. Langdon, Mass. N. G., Ret., Statistical Officer.  
 Major Henry D. Cormerais, 51st Inf. Brig., Mass. N. G., Assistant to Executive Officer.  
 Major Charles C. Stanchfield, Ord. Dept. Mass. N. G., Chief Range Officer.  
 Capt. James F. Loughlin, Ord. Dept., Mass. N. G., Assistant Range Officer.  
 Capt. Horace B. Parker, Mass. N. G., Ret., Paymaster.  
 Capt. Charles I. Boynton, Quartermaster Corps, Mass. N. G., Quartermaster.

## CIVILIAN RIFLE CLUBS.

During the current year a number of applications, from civilian shooting clubs, for affiliation in the National Rifle Association, have been referred to this department for investigation and the following have been investigated and approved:

Mechanic Phalanx Rifle Club, Lowell.  
 Greater Boston Chapter M. O. W. W. Rifle & Pistol Club.  
 American Legion Rifle Club, Taunton.  
 Springfield Cadets Rifle Club, Springfield.

The State Ordnance Officer during the year visited numerous rifle clubs and units of the National Guard and spoke on subjects relating to shooting.

## OUTDOOR RANGES.

Reports have been called for by the War Department as to the location and condition of out-of-door ranges in this State. These reports have been collected and forwarded by this department covering thirty-two different ranges. Attention is called to these reports, hoping that authority may be obtained to improve those that are not satisfactory. During the year the civil authorities of Marlboro, Lawrence, Holyoke and Plymouth have called upon us for advice in construction of suitable ranges, which we were glad to be able to give.

## MISCELLANEOUS.

The State Ordnance Officer was detailed by S. O. 17, Par. 1 to attend the annual meeting of the Board of Directors of the National Rifle Association, which was held in Washington on Feb. 15, the detailed report of which was duly submitted. The meeting brought forth many pertinent matters relating to rifle marksmanship as affecting the military forces of the country, and Massachusetts was in the forefront because of her activity and coöperation in rifle work.

The details of the work of this department are increasing in leaps and bounds, while the appropriation to pay for this work is decreasing. In this connection I desire to call to your earnest attention two distinct separate orders for work to be performed, which, though on the face appearing trivial, entail very much careful technical attention. These are:

1st: The order to report the Serial Numbers of all Small Arms. This report was due on September 1, 1922, but the inaccuracies of the reports from unit commanders is such that this department (to which these reports are referred to be checked up and compiled) has not as yet been able to submit it with any degree of confidence as to its correctness, although almost all of the attention of one of its officers, with his clerk's help, has been devoted to the effort.

2nd: The order requiring a physical inventory of all Small Arms Ammunition on hand in the State. This order (S. O. 223 A, Par. 1) though very vital and of the utmost importance requires many days of personal supervision by officers of this department. Your attention is called to the fact that, because of the limited appropriation for this department, any call that comes in for any other than routine work, causes very poor functioning and an apparently very lax system.

## ARMY ORDNANCE ASSOCIATION ANNUAL MEETING.

1st Lt. N. C. Nash, Jr., of this department attended at his own expense the fourth annual meeting of the Army Ordnance Association and witnessed the newest developments in Ordnance, all of which are of the greatest importance to Ordnance Officers and to all military men in our National Guard. The test of ordnance material at the Aberdeen Proving Ground is briefly outlined as follows:

The newest developments of importance include:

(a) *Supersensitive Percussion Fuse for Artillery Projectiles.* — Five rounds were fired from the 37 m/m Infantry cannon at 2 layers of airplane linen four inches apart. Three out of the four projectiles were exploded by this slight resistance, and a fifth exploded on contact with a single layer of the linen fluttering from the shattered frame.

(b) *Nitrotite Container.* — A new powder container has been developed to replace the usual silk powder bag. In appearance it resembles celluloid and is claimed to be water tight. Evidently it is combustible as it does not seem to require to be pierced for the primer flash, and leaves no residue in the chamber.

(c) *Flashless Powder.* — Two new kinds of flashless powder were demonstrated by firing at night in the 75 gun and the 155 Howitzer in comparison with service charges. The muzzle flash was reduced to a deep orange glow extending not more than 3 feet from the muzzle, and so dull that it could be looked at directly without the least discomfort or subsequent temporary blindness.

(d) *Garand Autoloading Rifle.* — The Garand Autoloading Rifle has reached a state of perfection where it has been fired 8,000 rounds without change or attention other

than cleaning. The test is being continued further. This rifle weighs 9 pounds 10 ounces without the use of aluminum and without unduly reducing the wood of the stock. Its mechanism, as demonstrated, appears extremely simple, although the writer believes it will never prove extremely accurate on account of the location of the locking mechanism at the rear of the bolt.

(e) *15-inch Railway Mount.*— The 15 inch railway mount with 360° traverse on prepared base is completed, and will be the backbone of the new railway coast defense system. In order to provide room for recoil at high elevations and at the same time reduce the height of gun in travelling under bridges, etc., the carriage proper is divided into what might be called the railway carriage and what might be called the trunnion carriage. The railway carriage in the travelling position, rests on two trucks with many wheels each, and in the firing position rests on the center pintle of the firing platform and on the traversing mechanism under the rear of the gun which travels on the circumference of the training arc. The trunnion carriage is pivoted rearwardly on the railway carriage and in the travelling position rests forwardly on the railway carriage. In the firing position the front of the trunnion carriage is raised by means of screws a distance of several feet. The trunnion carriage carries the gun, the recoil and the recuperator mechanisms. It appeared to the writer that the jackscrews supporting the front end of the trunnion carriage were too small to stand up under the terrific strains to which they must be subjected.

3. Other exhibits of less interest were as follows:

(a) The 16 inch .50 cal. gun on Barbette mount was fired and the use of the Solenoid chronograph was demonstrated.

(b) The 12 inch Howitzer Railway mount was fired and also the 8 inch Howitzer with split trail.

(c) Barrages were fired over water with machine guns and with rifle phosphorus grenades.

(d) To demonstrate the difference between delay action and instantaneous fuses, 2 bombs of 600 lbs. each were dropped on water. The delay action produced an explosion similar to a mine, and the instantaneous fuses exploded so quickly that many fragments struck downwardly on the surface of the water. Later a 2,000 lb. bomb was dropped on land with delay action fuse. The penetration was stated as 14 feet in soft dirt and struck probably three quarters of a mile away from the writer. The usual earth was thrown into the air. No report at all was heard, but the earth vibration was very marked.

(e) Airplanes of various types were exhibited; bombs of all kinds including foreign types, and aircraft machine guns of Lewis and Marlin types were fired, the former being on full flexible cockpit mount and the latter being fixed and synchronized with the tractor propeller and shooting between the blades.

(f) A very complete exhibit of all types of artillery was shown, and many were fired.

(g) The trajectory of the French 75 was traced with shrapnel fitted with clockwork fuses. 9 rounds were fired at 2 sec. intervals and the bursts were exceedingly simultaneous showing not only accurate fuse operation but admirable gun operation.

(h) An old tank was pierced with armor piercing bullets from the new .50 cal. Browning Machine Gun.

(i) Free balloons were brought down readily with .30 cal. Browning Machine Gun and tracer bullets.

(k) Night firing was conducted to demonstrate tracer ammunition for .30 cal., .50 cal. and 11 m/m machine guns and for 3-inch shrapnel.

(l) All sorts of tractors, trailers, motorized gun carriages, ammunition carts, etc., were displayed. The appearance of these vehicles of all shapes, sizes and descriptions, from the ponderous Mark VIII, surmounted with its spinning stroboscope to the tiny Ford truck, including the Whippet Tank from whose top extended a tall black pole for receiving wireless telephone messages, some lumbering along slowly, and others dashing here and there, some turning on their heel and others running backward and forward with equal speed, all careering more or less over the rough ground, formed a picture which strongly reminded the writer of feeding time in a barnyard full of roosters, hens, pullets and chickens.

(m) The stroboscope fitted to Mark VIII Tank and the wireless telephone on the Whippet Tank created much interest.

(n) A building near headquarters houses a wonderfully complete collection of domestic and foreign vehicles motorized for war purposes. These include German and French trucks, tanks and guns.

(o) The writer believes that the tractor for field artillery has reached the entirely practical stage, but he was not impressed with the gun mounts as now motorized. They

seem too heavy per unit for soft ground and insecure bridges, too bulky for easy camouflage and too vulnerable to shell fire as they have no armor whatsoever.

(p) The .22 cal. pistol attachment for the .45 cal. pistol receiver which has been in process of development at Springfield Armory for several years has not yet reached the practical stage, and no efforts are now being made toward that end.

(q) There were many other demonstrations, but the writer believes they were of less interest than the foregoing.

The officers of this department have, by a system of reading and studying during the past year, kept abreast of ordnance activities in the regular service and the library has been added to by the purchase of recent publications of ordnance subjects. The department is ready to take the field and the commissioned personnel is competent to perform their respective duties efficiently.

#### RECOMMENDATIONS.

Serious consideration should be given immediately to providing for the detail of at least one officer of the Ordnance Department, Massachusetts National Guard, to remain on duty permanently. The increased activities of great importance that are charged by the War Department and the Commonwealth of Massachusetts to the Ordnance Department, together with the responsibility that this department must bear in exercising the functions required by regulations requires an officer on duty permanently. Furthermore the progressively increasing quantities of ordnance material that is being placed in the hands of the National Guard of Massachusetts, which requires constant inspection and supervision, makes it imperative that the Ordnance Department must the responsibility and duties charged to it.

Doubtless, the Quartermaster Corps is known by military men as having a great responsibility in regard to property pertinent to that department, but it is quite obvious that little attention has been directed to the personnel duties devolving upon the Ordnance Department; therefore, it is urgently recommended that at least one ordnance officer be detailed on January 1st, 1923, so that the Commonwealth of Massachusetts and the United States Government will be assured that the work mentioned herein and required by regulations will have proper direction; that the maintenance of ordnance material will be properly handled and that in every respect the activities and functions of the Ordnance Department will be carried out efficiently.

In last year's annual report of this department, it was recommended that an officer from the Ordnance Department be detailed to inspect each indoor rifle range; that indoor rifle, pistol and revolver ranges be provided where that necessity was required by the troops stationed therein, and that, furthermore, all outdoor ranges be under the direct supervision of the Ordnance Department and that an officer be authorized to make periodic inspections of both the indoor and outdoor ranges during the year. In a measure this was carried out, but, owing to lack of funds, it did not reach the completeness that was necessary. In consequence thereof, it is recommended that authorization be granted this year for the carrying out of said inspections.

The efficient work of Lt. Col. George W. Langdon, Retired, has been of great assistance and his long training and experience has been of invaluable aid to the department.

Major Charles C. Stanchfield, Ordnance Department, who assumed the duties of State Ordnance Officer, during the latter's absence on leave, deserves nothing but the highest praise for his untiring effort and the manner in which he conducted the work of that department. He is also to be commended for the efficient work he performed during his active leadership of the Massachusetts State Rifle Team, while the team was on duty at the National Matches, Camp Perry, Ohio.

Capt. James F. Loughlin, Ordnance Dept. is to be commended for his successful work as Captain of the Mass. National Guard Rifle Team during its course of training and participation in the rifle matches.

Lt. N. C. Nash, Jr., has ably demonstrated his efficiency as an ordnance officer and has aided our activities greatly during the year.

The Commonwealth doubtless feels proud of the splendid work performed by the officers and men of the National Guard of Massachusetts when representing the Commonwealth as a rifle team at the National Matches, Camp Perry, Ohio, where they successfully demonstrated their ability in marksmanship, and brought home many prizes and other honors to this State, and in addition thereto created one new record.

This department takes the opportunity at this time to convey its appreciation and thanks to the officers and men of the rifle team. Every assistance has been rendered by The Adjutant General, the State Quartermaster, the State Surgeon, the United States Property and Disbursing Officer and the Commanding Officers of the regiments and separate organizations for making it possible to carry out this department's part in the training of that important phase of military training — "Rifle and Pistol Marksmanship."

The service and requirements to be expected from this department as a part of the new division are great, to say the least, and it is with satisfaction that progress can be reported in the perfection of this ordnance force which doubtless will be called upon to serve again to carry out its part in the important service of, "supply, maintenance and the furnishing of technical information to the combatant forces of our division."

THOMAS F. BROWN,  
*Lt. Col., Ord. Dept. Mass. N. G.,  
State Ordnance Officer.*

## REPORT OF THE STATE QUARTERMASTER.

Boston, 23 December, 1922.

*To The Adjutant General, Massachusetts.*

I have the honor to hand you herewith my report as State Quartermaster of Massachusetts for the year 1922, together with a detailed statement of the Maintenance of Armories of the First Class, also the report of Capt. H. B. Parker, Disbursing Officer.

*State Camp Ground.* — The buildings at the State Camp Ground are in excellent condition and ample in space to care for the surplus United States property. Storehouses of no great value, together with the mess halls left by the United States Navy, have been changed to house twenty-two trucks should the occasion require. The state has transferred one of its trucks to the Massachusetts Agricultural College, a second truck having been used by the Massachusetts Department of Agriculture during the summer.

During the summer it was deemed advisable to fence in that part of the State Camp Ground known as "the woods and the marshes," and approximately one mile of fencing was put in, thus giving a clear boundary to the state property as well as stopping stealing from the gravel banks.

*Worcester Property.* — This year the house at Worcester on the Battery "B" Farm, so-called, was put in condition and water and light installed. An armorer is now occupying the premises which are always available and have been used for week-end camps.

*Armories.* — Notwithstanding the increased use of the armories during 1922, the cost of lighting was reduced by almost \$2,000.00, owing to strict economy on the part of the armorers, and in a measure by reduction from electric light rates.

Purchases of coal during the year were made whenever coal could be purchased, and the balance shown on the Maintenance of Armories statement was intended for coal purchases, and in this year's budget you will find approximately that increase in the total over last year's inasmuch as practically two years' coal will have to be purchased in the ensuing fiscal year.

Concord, Taunton, and Hudson received new granolithic floors making much additional space for storage and occupancy.

The locker question will come up again this year and should be cared for, and the appropriation requested by the Armory Commission should receive consideration.

With the erection of steel buildings at the Commonwealth Armory, Cambridge, Everett and Lowell, trucks and wheeled equipment can now be safe-guarded which could not have been cared for in the original buildings.

The money receipts for the year are as follows:

Rentals of Armories	.	.	.	.	.	.	.	.	\$16,031 44
Lease of State Camp Ground	.	.	.	.	.	.	.	.	2,400 00
Sale of hay at Worcester	.	.	.	.	.	.	.	.	200 00
Rental of state trucks to United States Government	.	.	.	.	.	.	.	.	160 00

WM. B. EMERY,  
Lieut. Colonel,  
State Quartermaster, Mass.

MAINTENANCE OF ARMORIES OF THE FIRST CLASS.

## REPORT OF DISBURSING OFFICER.

For the fiscal year ending November 30, 1922, Captain H. B. Parker, disbursing officer, has paid out —

From State funds in allowances and payments to the National Guard . . . \$252,412 48

which required some 3,800 checks in varying amounts from twelve cents to several thousand dollars.

The preparation and payment of the pay rolls and expense vouchers in relation to the encampments of the National Guard during 1922 have taken the larger share of this officer's time since the middle of June to the close of the fiscal year.

There were paid from Federal funds through the U. S. Property and Disbursing Officer for Massachusetts, Lieut. Colonel Charles F. Sargent —

Pay Rolls and Subsistence . . . . .	\$257,795 72
Expense Vouchers . . . . .	40,742 84
	\$298,538 56

involving the making of 752 Pay Rolls and 450 Vouchers.

Great credit is due Captain Charles I. Boynton, Q. M. C., for his very able assistance at Camp Devens, July 8 to 22, inc., where the work required steady application to the same from eight A.M. to midnight each day, of both officers in order that the 26th Division be paid before the end of the tour of duty. The work was completed at five P.M., Friday, July 21. Every company had received check for its pay-roll.

*Paid to the State Treasurer.*

Condemned and Surplus Military Property at State Arsenal sold . . . . .	\$4,494 52
Collected from disbanded State Guard companies for lost military property . . . . .	2,325 27
Interest accrued on bank balances . . . . .	363 02
Total . . . . .	\$7,182 81

There is due from the United States for use of horses at Framingham in June 1916, when the Massachusetts National Guard was mobilized at Framingham for duty on the Mexican Border \$23,716.00. Repeated attempts to secure payment of this have failed of success, the Comptroller General having ruled that the state could not be reimbursed. Suit in the Court of Claims at Washington has been entered by the Attorney General of the State, at the request of this department.

## REPORT OF THE UNITED STATES PROPERTY AND DISBURSING OFFICER FOR MASSACHUSETTS.

---

BOSTON, MASS., Dec. 31, 1922.

*To The Adjutant General, Mass.*

I herewith submit my report for the year ending December 31, 1922.

The strength of the National Guard has been increased during the year by the Federal recognition of:

Ordnance Department.

Medical Department Detachments of: 1st Coast Defense Command, 26th Division Train, and the 101st Field Artillery.

Second Separate Battalion of Infantry.

Headquarters and Battery G, 211th Machine Gun Battalion.

Headquarters and Companies B, E, K, L, Headquarters 1st, 2nd, 3rd Battalions, and Medical Department Detachment, 181st Inf.

The present strength is approximately 8,582 Officers and enlisted personnel, distributed in 145 organizations of the National Guard, Mass.

The Federal government has been very liberal in supplying equipment when it had a surplus on hand; and, in several instances, has volunteered to supply the State with more than our storage facilities could care for. However, in very many other instances, some requisitions, the property on which being necessary to fully equip the command, have been refused owing to the very small Government appropriations to Supply Depots.

The many changes of Officers accountable and responsible for Federal property, greatly increases the work of this office. In most instances the checking of the officer's Federal property accounts show that he did not appreciate the necessity for an accurate booking of these accounts; and, in some few instances, a considerable shortage indicates a laxity to properly safeguard the Federal property issued to him. I would recommend that Regimental Commanders make Property Accountability and Responsibility one of the principal subjects at each Council of Officers.

The property accounts between the Commonwealth and the War Department, U. S. A., are all kept in this office. Our accountability has increased during the year so that the Federal property now in the hands of the National Guard is valued at about Five Millions of Dollars. The property accounts have been audited during the year by an officer from the First Corps Area, and all differences between the accounts of the Company Commander, who is the accountable officer, and the accounts at this office with said Company Commander, are carefully noted.

Requisitions numbering 2,892 have passed through this office, and 5,784 shipping tickets, for property issued the National Guard, have been returned to the various Supply Depots. It is noted that the Government Bills of Lading carry this freight to the Railroad Depots, but that the trucking charges are not added to the freight bill as the Government intended they should be. In consequence, we have additional bills for trucking, demurrage, and storage which are becoming most troublesome. If demurrage or storage accounts are presented to the Federal Government for payment, it is next to impossible to have them approved. In

addition to this is the upkeep and expense of running the motor trucks, automobiles, and motorcycles issued by the Federal Government, and I renew my recommendation, of last year, that the Commonwealth appropriate the sum of two thousand dollars to pay such accounts.

The financial accounts paid by the War Department have been larger than last year. We commenced the fiscal year with a balance of \$43,392.88. There has been placed to the credit of the U. S. Property & Disbursing Officer, Mass., in the United States Treasury during this year \$482,576.34, and there was a balance at the close of the State fiscal year (Dec. 1st) of \$48,438.58. This makes the financial transactions of the office \$477,530.64. The financial accounts were audited December 1, 1922, by the United States Auditor, and found correct.

All the troops have performed the required fifteen days Federal tour of duty, and each organization received camp pay at the end of its tour, thus giving the officers and men the money due them, at a time when possibly it was most needed. In the work connected with these camps, I was greatly assisted by Captain Horace B. Parker (Retired), the expert clerk for the State Quartermaster.

The increase in the organizations of the National Guard during the past year, and the contemplated increase to a Division during the coming year, will necessitate increasing the clerical force. While two clerks are greatly needed, I would strongly recommend the hire of at least one additional clerk, and have made such request in the application for funds from the Budget Committee.

Our National Defense cannot be maintained by the small, but efficient Regular Army, Navy, and Marine Corps. The great necessity for a well organized National Guard in the United States is recognized by the ablest thinkers throughout the Country. To maintain a National Guard, in excellent condition, requires less than one tenth the cost per man to maintain the Regular Army, and the National Guard is instantly available if a crisis occurs in our National Affairs. Therefore, Congress should be liberal with its financial assistance to this important branch of The National Defense.

The Commonwealth of Massachusetts has, in the past, and will, in the future, give its financial aid to its National Guard. I know of no State that has done more in accordance with its number of National Guard members. It, therefore, is incumbent on every officer and man to give the best that is in him, during the time he is actively serving with the guard, that the high standing of the Mass. National Guard may be maintained.

In closing my National Guard service, which has been continuous since April 6, 1881, I wish to extend to each and all my associates my heartfelt thanks for the many kind attentions and courtesies I have received both officially and socially. As I am terminating my duties as United States Property & Disbursing Officer, I cannot refrain from acknowledging my deep appreciation of the kind assistance I have received from the Governor of the Commonwealth, the Militia Bureau, The Adjutant General, Massachusetts, the officers and assistants at the First Corps Area and the State Quartermaster.

Respectfully submitted,

CHAS. F. SARGENT,  
*Lt. Col., U. S. P. & D. Officer, Mass.*

# RETIRED OFFICERS.
